

# Garnishment Manager for Sage HRMS

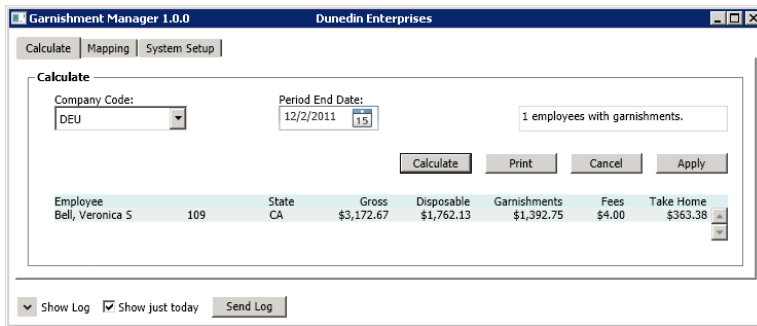

We don't publish Sage HRMS...

we help you use it more effectively.

Garnishment Manager relieves payroll staff of the tedious, time consuming and often error-prone tasks of calculating and prioritizing complex garnishments for child support, tax levies, student loans, and creditor liens.

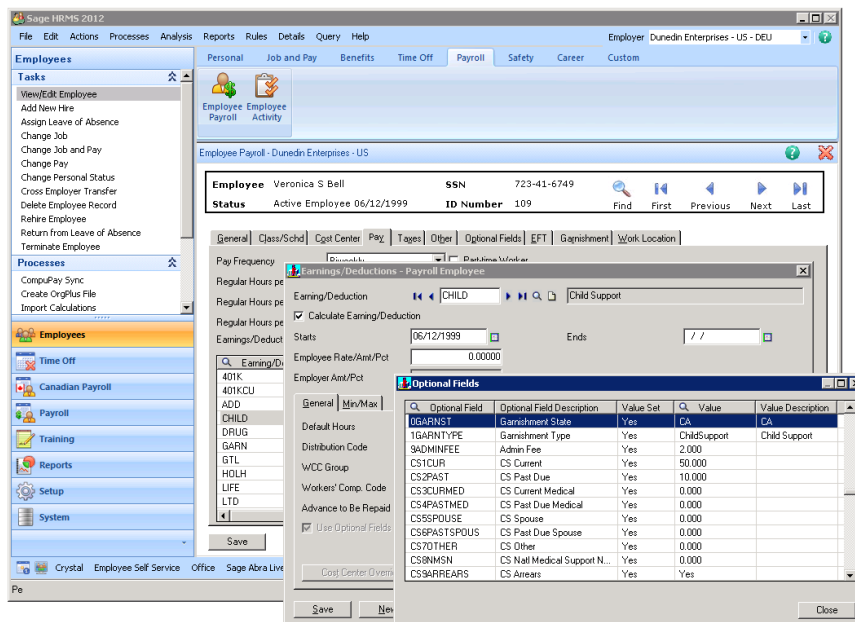

Once you have run Calculate Payroll in Sage HRMS, just a few mouse clicks in Garnishment Manager will calculate the proper deduction amounts and update Sage HRMS accordingly.

- Integrated into the Sage HRMS payroll process without delays
- Prioritizes multiple garnishments
- Eliminates manual calculations

Unlike costly services, Garnishment Manger makes it easy and cost effective to manage your garnishment calculation and disbursement with Sage HRMS payroll.

- Track an unlimited number of garnishments per employee
- Garnishment disbursements are now a standard capability of Sage HRMS
- Garnishment orders are maintained in the employee's payroll deduction record within Sage HRMS using Optional Fields
